Mystery of Marriage Retreat Children & Babies Policy

Our vision is for the Mystery of Marriage
Retreat to be a special weekend
away with plenty of time for every
couple to fully focus on each other
without distractions. We as the coordinators
love children and all have families
of our own, but for most situations,
we recommend waiting to come to the
retreat until your children are
old enough to be left with family
or friends. We allow nursing babies
under 6 months if you feel you really
need the retreat in that stage of life.
Feel free to email us with any questions.
